Do you have dogs running loose in this area? ☐ Yes ☐ No

If yes, what provisions will you make for cat safety (from wildlife, dogs, etc.)?

Are you willing to provide food and fresh water daily? ☐ Yes ☐ No

Have you relocated barn cats to your property before? ☐ Yes ☐ No

*Important Note on Acclimation

To help your new cat(s) settle in, we ask that you keep them in a secure, enclosed area within your barn/outbuilding for about 10 days before giving them full outdoor access. This will greatly increase the chance they'll stay and call your property home.
