Boarding Your Feline Friend

- Our cat room is located in a bright, airy setting that is climate controlled and isolated from the main dog boarding area.
- Cats are provided individual condos and allowed free range time to play, stretch their legs or lounge on a window ledge soaking up some sun rays.
- Whatever your cat prefers, you can be assured your feline friend will receive personalized care and attention while they are pampered in paradise!
- During your pet’s stay we will provide premium food, fresh water and a safe, clean environment.
- For cats with special dietary restrictions, we’ll be happy to feed what you supply.
- You’re welcome to bring toys or an item from home if it makes your feline friend comfy.
- Our staff enjoys cuddle interaction with cats that are social.
