ZEN DOODLING, also known as ZenTangle®, is an art form combining simple and complex lines into lovely structured patterns. No experience necessary; the art form is easy to learn and apply at your own pace.

Students are asked to provide one head shot of the pet they would like to ZEN DOODLE. If you do not have one, a photo of a shelter pet will be provided. Please email pet photo to CBHSEvents@mchsi.com by Friday, April 17th. Photos that work best have a strong contrast between the pet and the background.

At the end of class, participants will have a good start on their 14" X 17" artwork to be completed at home. Participants will receive a pattern sheet to take home.

Thank you Carrie for donating your time and talents to this artistic fundraiser!
